

## Technical Data Sheet

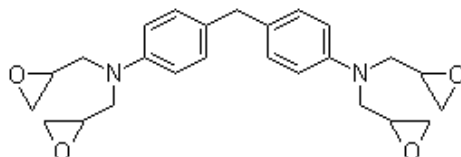

**Product Name:** Syna Epoxy 720  
4,4'-Methylenebis(N,N-diglycidylaniline)

**CAS Number:** 28768-32-3

**EC Number:** 249-204-3

**Formula:** C<sub>25</sub>H<sub>30</sub>N<sub>2</sub>O<sub>4</sub>

**Structure:**

**Typical Properties:**

<b>Term</b>	<b>Specification</b>
Appearance	Yellow to Reddish Brown Sticky Liquid
Assay	90-100%
Epoxy Equivalent Weight(Gm/Eq)	110.0 – 120.0
Viscosity @ 50°C (CPS)	3000.0 - 6000.0
specific gravity @ 25°C (g/cm <sup>3</sup> )	1.150 - 1.180
Suspended Matter	Pass
Package	20kgs/pail, 200kgs/Drum, and 1mt IBC Drum
Shelf Life	Two Years

**Storage Condition:**

NEVER store at warm places. Avoid any kind of heat source.  
Avoid acidic or basic substances. Avoid direct exposure to sunshine.  
Store in a dry location at low temperature, 4°C (40 °F) or below is strongly recommended. Warm the container gradually by letting it stand in an area at room temperature prior to use.
